Rules and Regulations of Craibstone Golf Course and Marshall Leisure

'Players' are the invited persons paying annual fees to use Craibstone Golf Course and all the associated facilities i.e. Clubhouse, Driving Range/Short Game Area.

Players are permitted to use the facilities (ie the golf course, practice areas, Brimmond Bistro and others) at Craibstone Golf Course only with the permission of the proprietor or his representatives and he/they reserve the right to withdraw or suspend this permission at any time without reason. If this permission is permanently withdrawn prior to 31st May, Marshall Leisure will refund the proportion of your fees for the remainder of the year from that date. Thereafter no refund will be given.

Fees are to be paid in full by 28th February, or by the monthly Direct Debit Agreement, which spreads your annual fee across twelve months. Non-compliance with the direct debit agreement shall see your playing rights suspended until either your agreement is paid in full or back on schedule
Refunds will not be given to anyone resigning after the 4th of May.

All players are reminded they must check in at the golf office even if booking with the On-Line booking system and have their membership card swiped at all times.

Invited guests must always present themselves at the golf office before play and the appropriate fees be paid before play, this is the responsibility of the inviting player.
Players wishing to play golf before the standard first tee off time must always book in advance as there will be no guarantee this will be allowed.

Players must adhere to the Rules of Golf and Golfing Etiquette at all times and especially the rules on repairing pitch marks and replacing divots and raking bunkers and slow play. (Refer to any general good golf rule book.)

Alcohol must not be consumed during a round of golf unless previously arranged with the Golf Management.

A Dress Code is in operation (see notices or website) and any player not adhering may be requested to leave.
No golf shoes are to be worn in the Brimmond Bistro.

All players should have a valid golf handicap, if not they may be requested to take an ability test with the resident Golf Professional.

Any complaints or queries must be directed in the first instance to the General Manager in an appropriate manner either verbally or in writing. Should a mutually acceptable solution not be achievable the issue can be escalated in writing to the proprietors.

The management reserve the right to restrict the total playing numbers and type of player. Applicants will be informed of any such restriction which may affect an application and may be placed on a waiting list.

The management reserve the right to refuse a) any application for persons to join Marshall Leisure at Craibstone Golf Course as a golf fee payer and/or b) any person to be a guest or use any of the facilities and is under no obligation in either case to provide a reason.

The management reserve the right to implement, apply or change any of the above rules at their discretion without prior notification.

We sincerely hope you enjoy your golf and the appropriate facilities. Thank you for your support and we look forward to a long and happy relationship with you all.
